FOREIGN NEWS

How the Clash Was Avoided.

LONDON, March 18, 5:40 p. m.—On the highest official authority the Associated Press is authorized to announce that the difficulty at Tien Tsin between the Russians and British over the construction of a railroad siding in territory claimed by both probably will be solved by the withdrawal of both the British and the Russian troops from the ground in dispute.

Prospects of the Big Canal.

WASHINGTON, March 17.—The important information was received here today that Nicaragua had denounced the treaty it made in 1880 with Great Britain for the construction of a trans-Isthmian canal. The equally important statement was also made that Nicaragua had not denounced the treaty it made for the same purpose in 1887 with the United States. If the view of the Administration is supported by the next Congress, the President will be given discretionary authority to acquire either the Nicaragua or Panama canal route. Thus has the stock of the Panama Canal risen since the adjournment of Congress.

American Troops Leave China.

WASHINGTON (D. C.), March 15.—The United States will take no part in the conflict of the powers in China. The President has come to the conclusion that the time is ripe for the removal of all the American troops from China, with the exception of a bare legation guard of 150 men. The hurry to get out of China is the best evidence that the Administration is inclined to look upon the Japanese-British-Russian situation there as serious in the extreme. An order was sent to General Chaffee today to have the American troops removed within six weeks. General Chaffee has advised the Department that the best place of embarkation is Taku, which, no doubt, will be clear of ice on the date fixed for departure.

Sending 200,000 Regulars to Philippines.

WASHINGTON, March 15.—The officers of the Adjutant-General's and Quarter-master's Departments are devoting their attention to the sending of regular troops to the Philippines to replace the volunteers brought home. The main object of the officials is to prevent any material decrease in General MacArthur's army of 60,000 men. There are about 40,000 regular troops in the Orient, including those in China. In order to keep the strength up to 60,000, it will be necessary to provide about 20,000 fresh troops from the United States before July 1.

Thinks De Wet is Insane.

BRUSSELS, March 15.—Prisoners who have lately been released by General De Wet say they think he is a madman. They aver that the terrible fatigues he has undergone, his anxieties and his intensity of feeling have unhinged his mind. Apart from this view of General De Wet's recent state, one of his peculiarities is that he rarely sleeps within the bounds of his camp. He seeks rest outside with a few trusted followers. Thus the orderlies of his subordinate commanders are frequently unable to find him to receive orders. His secrecy is extreme. He absolutely imports his plan to no one.
